

Practical information - MARE Policy Day

Stakeholder participation in marine management: connecting practice with theory

Tuesday 4 July 2017 – Amsterdam

Dear visitors of the MARE Policy Day 2017,

On **Tuesday the 4th of July** the third edition of the MARE Policy Day will be held at the University of Amsterdam. We would like to provide you with some last practical information before your arrival.

The MARE Policy Day will take place at **the Roeterseiland Campus**. The Roeterseiland Campus is an open city campus designed to offer future-proof teaching and research facilities. Existing buildings around the Nieuwe Achtergracht are being thoroughly renovated in order to ensure compliance with modern research and education requirements and needs. Due to these renovations we won't be able to make use of the main entrance. Please use the entrance next to Valckeniersstraat 59, 1018 XE Amsterdam to enter our premises. From there we the directions to the rooms will be indicated with signs and volunteers in red t-shirts will be present to assist you in finding the correct room.

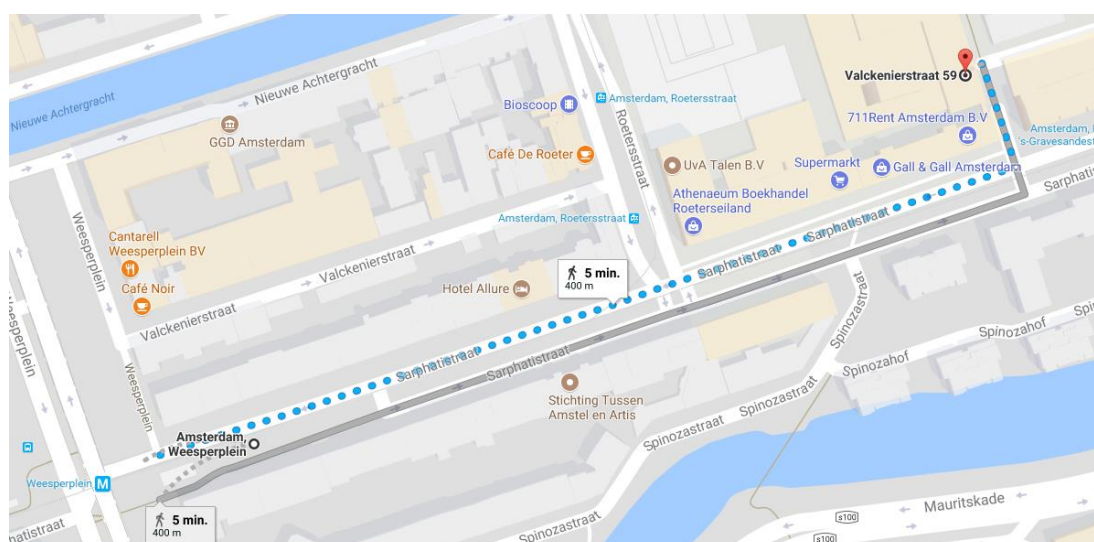

By Car

We do not recommend travelling to the MARE Policy Day by car as there are only a very limited number of parking places in the vicinity of the conference venue. There are no parking places free of charge.

By public transport

To find your optimal route please consult the website: www.9292.nl

- When travelling from Amsterdam Central Station;
- Take any metro to Weesperplein station.
- Follow the signs to the Valckenierstraat/Roetersstraat exit.
- From Weesperplein station, walk down Valckeniersstraat. Walking route:

Programme MARE Policy Day

(Linked to SDG 14 and 16)
